

A message for providers on Social Determinants of Health

Simply Healthcare Plans, Inc. and Clear Health Alliance have developed a Social Determinants of Health (SDoH) initiative to proactively target members who screened positive for social, economic, or environmental circumstances that could negatively impact their health. Our goal is to identify members with social needs and link them with available resources and services.

According to the Kaiser Family Foundation, "Efforts to improve health in the U.S. have traditionally looked to the health care system as the key driver of health and health outcomes. However, there has been increased recognition that improving health and achieving health equity will require broader approaches that address social, economic, and environmental factors that influence health." With your help, we can work together to combat these issues.

Benefits and services Simply Healthcare Plans, Inc. and Clear Health Alliance offers to help members with life essentials:

Getting involved in the community:

Statewide Medicaid Managed Care Long-Term Care (SMMC LTC) members get four one-way rides (or up to 25 miles) per month to community events.

Helping with a place to stay:

Members ages 21 and older get a one-time \$500 benefit to help find housing and pay for monthly housing costs. SMMC LTC members who move to a home or a community service setting get a one-time benefit of up to \$5,000 to help pay for moving costs.

Transportation:

Transportation services to medical or dental appointments, pharmacies, and ongoing care settings, like dialysis, are offered to all members. Eligible members with issues with adequate transportation may also qualify for home visits.

Educational support:

Eligible members get up to six visits from a dietitian to help learn healthy eating habits.

Complementary behavioral health services:

Members currently receiving behavioral health services also have access to unlimited music, dance, art or play therapies.

Nourishment assistance:

Members ages 18 and up who have left a hospital or nursing facility can get two home-delivered meals daily for seven days after a surgical hospital stay of three or more days. Members ages 21 and up and their caregivers get meals with rides to nonemergency medically necessary doctor visits over 100 miles each way. The health plan covers the costs of transportation and meal up to \$200 per day, \$1,000 per year.

How can providers help combat these SDoH issues?

We are asking all providers to submit corresponding Z codes for potential hazards indentified that may impact the health status of members via claims submissions located on the *SDoH Diagnosis Code Reference Sheet (Z Codes)*.

Simply Healthcare Plans, Inc. and Clear Health Alliance offers case management and coordination of care services for all members. For referrals, please call **1-844-405-4296**.
